

Dr. rer. nat. Stefanie Müller-Herbst

Affiliation: Lehrstuhl für Mikrobielle Ökologie, Technische Universität München
Address: Weihenstephaner Berg 3, D-85350 Freising-Weihenstephan, Germany
Date of birth: October 6, 1979

Education:
1999 – 2005 Biology, Julius-Maximilians-Universität Würzburg, Germany
2005 Diploma in Biology
2009 Ph.D. (Dr.rer.nat.) at the Chair of Microbiology, Julius-Maximilians-Universität Würzburg

Career:
2009 – to date Postdoctoral fellow and group leader at the Chair of Microbial Ecology and ZIEL, Department of Microbiology Research

Research Interests:

- Adaptation of pathogenic bacteria to stress conditions
- Transcriptomics
- Gene regulation

Teaching:

- General Microbiology (lab course) for students in Molecular Biotechnology, Nutritional Sciences and Biochemistry

Memberships:

- Member of the Association for General and Applied Microbiology (VAAM) since 2010

Awards:

- FEMS congress Grant for Young Scientists to attend the 4th FEMS Congress of European Microbiologists, Geneva,
- Young Scientist Meeting Grant to attend the FEMS-Leopoldina-Symposium on “Emerging Topics in Microbial Pathogenesis”, Würzburg, 2011
